CAREER OBJECTIVE

A motivated Computer Engineering student seeking to apply technical knowledge in software development, programming, and emerging technology solutions, while enhancing educational and professional skills and solving problems creatively and effectively in a challenging position.

ACADEMIC BACKGROUND

Degree / Exam	Department & Institution	Semester / Performance	Score / CGPA
B.E. (Computer Engineering) — Pursuing	Department of Computer Engineering, Ramrao Adik Institute of Technology, Mumbai University	Sem 2: 8.50 Sem 1: 8.80	**8.65**
Class XII (HSC) — Passed	Maharashtra State Board of Secondary and Higher Secondary Education	—	**78.40%**
Class X (ICSE) — Passed	St. Ann's School, Beed (CISCE)	—	**85.70%**

WORK EXPERIENCE & INTERNSHIPS

• **Web Development Intern • Naviotech Solution Pvt. Ltd.** *(Jun 2026 — Aug 2026 | Remote, ID: NTSCS2234)*: Engineered responsive UI modules in React 18 & TypeScript (reducing re-renders by 35%) and optimized backend REST microservices, slashing latency by 28% with JWT security.
• **Founder & Team Member • sudo Unknown** *(Sep 2024 — Present | HTB Team #331386)*: Lead competitive Hack The Box CTF team across 7 disciplines (Web, Pwn, Crypto, Forensics, Reverse); published research on GLIBC heap exploitation and cache deception.
• **Freelance Systems & Software Engineer • Self-Employed** *(2024 — 2025 | Remote)*: Architected distributed bot infrastructure with gateway sharding on AWS EC2 and Redis caching, supporting 50,000+ active community members with 99.9% uptime.
• **Plugin Developer & Server Optimization • Hypixel Inc** *(Jan 2024 — Sep 2025 | Remote)*: Developed high-throughput Java server extensions, optimizing packet dispatch pipelines and JVM garbage collection under heavy multi-client concurrency.

PROJECTS

• **DYPU Connect — Campus Social Network & Marketplace:** Developed university portal featuring student accounts, real-time WebSocket chat, anonymous confession board with moderation heuristics, and P2P textbook/notes exchange (React, Node.js, MongoDB).
• **ShadowLauncher — Android Native Gaming Engine:** Engineered native Android launcher core with C/C++ bridges (GL4ES, LWJGL3), custom touch HUDs, and dynamic RAM allocation; achieved 138 FPS (120Hz locked) with sub-8ms touch latency.
• **SmiTriX — Self-Hosted Private Fitness Platform:** Architected privacy-first PWA with 1,324 exercise routines, automated 1RM tracking, biometric WebAuthn passkeys, and zero third-party telemetry (React 19, TypeScript, Docker Compose).

TECHNICAL SKILLS & ADDITIONAL INFORMATION

• **Preferred Programming Language:** Java (21 LTS), C / C++, Python
• **Languages & Web Technologies:** Java, C, C++, Python, TypeScript, JavaScript (ES6+), SQL, HTML5, CSS3, React.js, Node.js, Express.js
• **Software Tools, Cloud & Systems:** Git/GitHub, Docker, AWS (EC2, S3), VS Code, Linux/Windows OS, Burp Suite Pro, Redis, MongoDB
• **Known Languages:** English, Hindi, Marathi
• **Hobbies:** Open-Source Development, Cybersecurity & CTFs, System Modding, Reading, Music

ACADEMIC ACHIEVEMENTS & CERTIFICATIONS

• **Academic Performance:** Consistently maintained strong academic standing across First Year Computer Engineering modules.
• **Certified in Web Development:** Naviotech Solution Pvt. Ltd. (Credential ID: NTSCS2234, Issued Jul 2026)
• **Data Analytics Job Simulation:** Deloitte Australia (Credential ID: C9rXmbSJytfjzhKGs, Issued Jun 2026)
• **Competitive Programming & DSA:** Active problem solver on LeetCode & HackerRank • 52+ public open-source GitHub repositories.

STRENGTHS & POSITIONS OF RESPONSIBILITY

• **Key Strengths:** Quick learner, analytical problem-solving skills, system architecture design, adaptability, and effective teamwork.
• **Positions of Responsibility:** Founding Captain & Lead at sudo Unknown (HTB Team #331386); Marketing & Operations Member at Social Wing RAIT; Student volunteer in departmental technical events.
